PROMOTING ENGINEERING AND SCIENCE

## **The Second Module of the Sixth B&R International Innovation and Development Institute Network Plan Alliance**

The second module of ANSO BIDI School course 2023 was held online on 27th of September at 19:00 in Beijing time. Professor Luis Seco, University of Toronto, was invited to give a wonderful academic report entitled "The Dawn of the Social Fintech" to the trainees. More than 70 trainees from countries along the "B&R" participated online.

Professor Luis Seco is Professor of Department of Mathematical and Computational Sciences at Rotman School of Business in University of Toronto, Director of Master in Mathematical Finance in University of Toronto, Director of RiskLab, President and Chief Executive Officer of Sigma Analysis and Management Ltd.

In the report, Professor Luis Seco first introduced the three themes of this course, namely AI, sustainability, and social science. Then, he gave a detailed explanation on the relationship between sustainable development goals and ESG investment, the application of artificial intelligence in sustainable development goals, and the application prospects of digital assets and cryptocurrencies. During the course, Professor Luis Seco's rich course content left a deep impression on the students.
